## Don't waste food, vacuum pack it, love your environment

The Channelled Vacuum Rolls manufactured by Orved are ideal to preserve food for longer, to maintain hygiene and freshness for solid and dry products, using an external Vacuum machine. What makes each bag unique is the Orved embossing, characterized by small diamond cells stamped on one side, which ensure maximum air intake. The result of the vacuum will be excellent and each product will be stored perfectly longer. Orved Channelled Vacuum Bags are also available in roll version, to always have the perfect Bag size according to your needs.
